DETAIL OFFICE ACTION

Restriction

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-21, 28-30, 34 and 35, drawn to a reconfiguration cargo/tailgate position indicator assembly adapted to indicate a position of a cargo/tailgate, classified in class 701, subclass 1.
 - II. Claims 22-27, 31-33 and 36, drawn to a security device adapted to monitor the security of a vehicle with a cargo door/tailgate, classified in class 340, subclass 426.28.

2. The inventions are distinct, each from the other because the inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions. Group I, directs to a reconfiguration cargo/tailgate position indicator assembly adapted to indicate a position of a cargo/tailgate to output a signal to a door/tailgate position indicator to control the door/tailgate position indicator based on an analysis of the input from the door/tailgate monitoring mode input device and the input from the door/tailgate position input device; Group II drawn to a security device adapted to monitor the security of a vehicle with a cargo door/tailgate, analyze input from the

Art Unit: 3661

door/tailgate security mode input device and determine whether the security of the vehicle has been breached.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Tan Nguyen, whose telephone number is (571) 272-6966. The examiner can normally be reached on Monday-Thursday from 5:30 AM-4:00 PM.
